MARIA DRAPER CLINICS

As a lot of you will know Maria has been unwell for quite a while and unable to take show jumping clinics. Her sister Julie has kindly said she will take over the clinics for the moment. We are sure you will want to join us in wishing Maria a full & speedy recovery.

TROPHIES from 2016 OPEN SHOW

As you will know from reading the last Newsletter we will not be holding the FDRC Open Show this year. If you won a trophy at the show last year could you please return it to any of the Committee. We will need the trophies back so that we can use them again at future events. Thank You

LOOKING BACK:

Beginners XC with Ali Ferry at Chilham Park on March 19th

This was, as usual, proved a very popular event, 8 riders took part in the clinic and everyone had a really good time. The going was good and hopefully everyone felt more confident at the end of their session. There

were certainly good comments on facebook. Anne & Rosie show us how its done.

[Area 10 Liasion Committee's Friendly Show Jumping at Willow Farm on March 12th by Sally king](#)

I took over as Team Manager for this event and what a lovely friendly day we all had. Dartford & District Riding Club ran the event which went very smoothly. Our team consisted of Vicki Wise on Grace and Ali Ruck on Bear jumping 0.75 and Sarah Marshall on Oresco Z and Katie

Long on Olena jumping 0.95. All four rounds were a credit to the club but unfortunately Vicki had an unlucky 4 faults with the other three riders going clear. As the top three score to count that put us on 0 faults and into the jump off. Sarah represented the team in the jump off – doing an immaculate clear in a good time. When the results were announced we were 5th with only parts of 1 second dividing the top 5. Well done all of you.

[Area 10 Intermediate Dressage on 26th March at Blue Barn – by Sally King](#)

I was team manager again for this and I am pleased to report that we one team & two individuals at this event. The team was made up of Tina East (PL7), Vicki Wise (N30), Nicola Jarvis (N34) and Claire Stryzyk (E49) with Faye-Marie Smith (PL7) and Abi Martin, our only junior competitor (PL7) as individuals.

All our riders did really good tests with all of them getting 59% or above. Unfortunately the team was not placed but our star was Fay 70.9% who was 5th in her arena with Abi and Claire coming 7th in their arenas. It was a good day with good team spirit.

A special thank you must go to our volunteer helpers for the day, without whom as you know, the team could not compete. Chrissy Sutton and Anne Adams who arrived to help despite being very unwell – her dedication for the club is much appreciated – Anne was packed off home again & I took her place as a writer.

[AREA 10 FRIENDLY TEAM DRESSAGE on April 9th at Blue Barn – Jenny Marshall](#)

On April 9th it was back to Blue Barn for the Area 10 Friendly Team Dressage Our team was Vicki Wise (intro B), Tina East (P18), Sarah Marshall (N27) and Clare Stryzyk (E53). The whole team rode very good tests with all getting marks over 60%, Tina coming 2nd in her arena.

The friendly competition gave two of the riders a chance to ride tests at a level new to their horses in a competitive atmosphere and the others to enjoy riding their tests without too much pressure.

The team came 4th.

Many thanks to Ali Ruck for writing for the afternoon 'dressage to music' area qualifier competition, allowing our team to compete. Maybe next year we can get a few dressage to music team representatives together?

A REPORT FROM FDRC MEMBER VICKI WISE on HER WOBBLERRY CHALLENGE

Sorry I've not reported before on our Wobbleberry 'D' day competing at Chilham BE80. Been a few long days with Course walks, competing and volunteering at Chilham today. ☐

Well, what can I say! Apart from the fact that I know exactly why the 'proper' eventers do this sport! What a rush!!

On Saturday morning, I surprised myself on how eerily calm I felt, I even managed to plait up without shaking hands and eat two pieces of toast!

Walked the XC course 3 times..Lol ☐ First two times Friday night and did Course walk with Alex Hudson the BE official trainer on Saturday morning. So very useful and I remembered it all round the course too!! Thank you Alex!! Felt quite nervous after first Course walk, but next two times much more focused and taking instructions in. Thank you Claire for all your help!

Well dressage was interesting! Gracie was quite full of it and a bit inattentive. So dressage a bit below par from usual. I didn't want to push her on too much as I was worried she'd explode out over the white boards!! I still managed to smile (actually sometimes it was a grimace!) all the way through my test as I couldn't believe we were there doing it! So penalty score of 44.5. Not the best, but at least not the worst!

Next was the Show jumping phase. Grace had gone to sleep in the sun, and was a bit sluggish in the warm up. We got going and jumped a couple of the warm up jumps, then onto a third which was an oxer. She slipped up round the corner to the jump and put in a stop! Next time round cleared it. Onto round.... Went in again amazed to be there! Gracie was a bit stagestruck by all the marquees and spectators, looking a bit but not overly spooky. Onto to first fence which had been causing problems... thinking she was travelling forward, she surprised me by stopping! So unusual as normally she takes me! Round again and she cleared it. Round the rest of the course thankfully with just one pole down. We end up on 8 faults + 16 time penalties due to the stop. Bit disappointed, as Gracie was not her usual up for it 'Pocket Rocket' and I had to really ride her round the course.

So got back to the lorry and got ready for XC, at this point shaking so much I could hardly get changed! I had a chat to Mandy who was one of my many kind friends who were grooming/supporting me, and I asked if I felt Grace was tired on the XC and not taking me, that there is no shame in pulling up. Plan B!

So onto XC warmup.. I was thinking all sorts of things. Is Grace feeling the ground too hard, was there something more than we could find on her tendon etc etc??. Another rider rode up next to us, and she said 'so what is it that is worrying you?' I told her about the SJ and she was so kind and gave me a pep talk. She said to put what happened in the SJ Arena and to leave in that arena. After chatting for a bit, I asked her had she done many BE's and she said 'I do it for a living!' So this pro rider who was warming up herself took the time out to help me. I later found out her name and met her today to say thank you for her help. ☐ So thank you so much to Kate Greenhalgh! Watch out for this talented young lady ☐

After this I managed to gee myself up and gave myself a good talking to! I had a word in Gracie's ear and asked her to help me out as she'd done this bit before!! I pepped myself up saying 'this is for Hannah, and this for Indra' our lovely fellow Wobbleberry who is poorly due to injury.

At the start box the starter guy was really calm and kind, next thing it's 3, 2, 1, GO! We shot out of the box and onto the first. Gracie definitely had her mojo back! She was awesome!! She made the hills feel easy and she took all the jumps on. We climbed the hills all the way to the top of the park where we had lovely Wobbleberry support, then onto the huge brush fence combination which I had made my mind up if she was tired we wouldn't do. However, no worries!! Grace was still full of running! I think we flew off the drop jump at

a canter, over number 11 which was being fence judged by our other fellow Wobbleberries who cheered as we went past!! We cantered through both waters up the hill towards the end. Last of the testing fences second last two houses. Gracie says easy peasy!

It was so hard to contain my emotions as we rode to the last. I was quite loud and people could hear me saying 'oh my god, we've nearly done it!' I managed to gain my composure to jump the last fence and ride for the finish line!! Oh my gosh! I just couldn't contain myself! I think I can remember shouting 'This is for you Hannah, Go Wobbleberries!'

I got off and burst into tears!!

So... to my complete surprise we finished clear XC, but not only that but inside the optimum time by 2 seconds at 5 mins 25 sec!!

Thank you so much to everyone that supported me, for all the good luck wishes and for such an amazing experience!!

We finally ended up on a score of 64.50 and finished 20th overall out of 35 riders!!

I don't want this to turn into an Oscar like speech, but I want to send a huge thank you to everyone who has helped me and Gracie through this challenge and for the part you have all played. I really couldn't have done it without you all! Most of all thank you Gracie for being an amazing friend

[AREA 10 HORSLYX COMBINED TRAINING at Felbridge on April 1st – report by organiser Lindsey Bootes](#)

This is the third year that the Faversham and District Riding Club has organised and run the Area 10 Combined Training Qualifier at Felbridge. Thanks to the help of the clubs committee, club members and their family members too, it really was a great success again. This is a very popular event and with 85 riders competing in dressage and show jumping, there are not many venues like 'Felbridge Show Ground' that can accommodate the qualifier, having to provide five all-weather surfaced arenas. This year Felbridge had installed an additional arena which meant that we we're able to use the Main Area for the Show Jumping and the new surface as a warm up area.

As with most competitions if it wasn't for the volunteers, the events just wouldn't be able to run. We had a huge support from our club and also the helpers from the other clubs who compete. As with all Area 10 Competitions for every team entered their club needs to provide a helper and all those who came forward for this event mucked in and really made it happen. The atmosphere we really friendly, something Faversham and District Riding Club are well known for.

As a club we entered two Senior Teams in the competition, though on the day after a few withdrawals we had 5 Individuals.

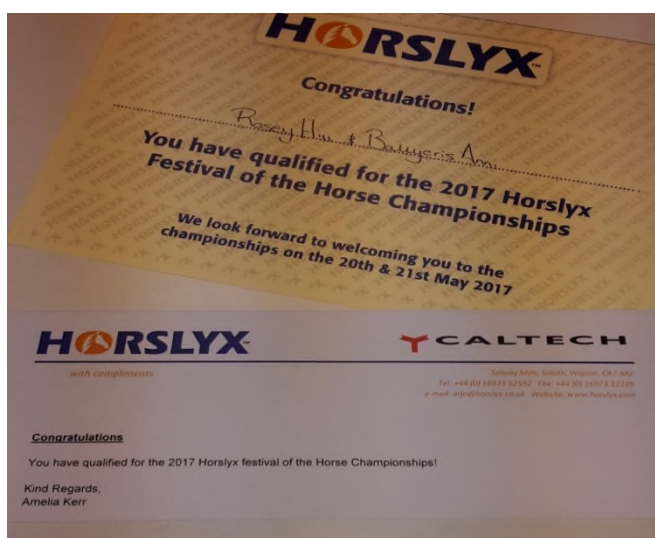

Anne Adams and Walesco started well with a good score in the dressage 90Q followed by Anne having an unfortunate fall in the show jumping. Anne certainly wasn't alone in having a fall, we had over a dozen falls in all and most of them at the same fence. I'm please to say no one was seriously hurt.

Vicki Wise and Annalise Grace rode in the 90Q section and came 7th in their arena.

Sarah Marshall and Oresco Z rode the in 100Q section and came 2nd in their arena narrowly missing a qualification place.

Faye Smith and Lavermill rode the in the 100Q section and came 8th in their arena.

Rosey Hill and Ballycris Anni rode in the 100Q section and came 1st automatically qualifying for the Horslyx FOTH Championships this year.

We wish Rosey all the best for the Horslyx Festival of the Horse Championships at Aston le Walls on Saturday 20th May and look forward to hearing how you got on.

Thanks once again to everyone involved! Sue Saunders and I went to the Area 10 Committee meeting at Bradbourne the other week and the feedback from the event was really good and encouraging.

Dare I mention the possibility of running it again next year?? Perhaps not yet

SEE ROSEY'S REPORT OF HER EXPERIENCE BELOW

TREATING THE LIGHT FANTASTIC – talk by Liz Roberts on May 20th

This was an extremely well presented and very interesting talk on the use of cold laser to treat all sorts of wounds & injuries on both animal and humans. It was amazing to see the speedy results with horrific wounds that would have take twice as long to heal with traditional methods.

Liz runs a successful business EquineLaser and both treats & hires out lasers. Quite often she will go out to an injured animal having first liased with the vet and carry out the initial treatment and if the animal (or human for that matter) needs further treatments will teach the owner how to use the laser and then leaves it with them for as long asthe need it for a weekly fee.

Liz made the talk informative and captivating with many slides of before & after images and many thanks to Janice Vant for the use of the Saddlesdane Cafe which made an ideal venue. It was, we know, a busy weekend for the FDRC with XC training , the talk & the Spring Show but it was sad that so few people turned up and those that did were mainly committee. For those who did not come come – you missed a good evening.

COMBINED TRAINING NATIONAL CHAMPIONSHIPS – Report by ROSEY HILLS

On Sunday 21st May, Mum, Ballycris Anni (aka Anni) and I made the long journey to Aston Le Walls, Northants to the BRC Horselyx Festival of the Horse to take part in the BE100Q Combined Training Championship which we qualified for by winning the qualifier at Felbridge which was ably run by our Club.

In the run up to the big day, we had a very limited preparation as I was taking my Assessment of Professional Competence the week prior to obtain the professional qualification of Chartered Rural Surveyor, (which I have just heard I've have passed thankfully!!) even so I was determined to attend the Championship especially as I have great faith in my lovely horse.

We set off at 7am and after stopping for a coffee break, we arrived at the showground at 11am, with plenty of time before our 1.18pm dressage to give Anni the opportunity to stretch her legs and also allow me to find the Secretary's tent. Lucky we left that additional time, as I discovered it was required that both human, horse and horse's passport had to be presented to the Secretary before my number could be collected.

We got ready and set off to the dressage warm up which was very busy. I had to ride tactfully to keep a sufficient distance to keep us away from the other horses as Anni is quite a nervous character and that sort of situation scares her so we couldn't quite maximise our warm up but as soon as we went into the ring she settled so we were able to perform a nice test for 29.7 (70.3%).

This was quickly followed by me leaping off to walk the showjumping course whilst Mum walked Anni back to the horsebox. I had follow them back at a run we had very close dressage and show jumping times so a quick changeover was required.

Back to ring for the jumping phase and Anni jumped well around a technical and very colourful course for an unfortunate late falling pole at the second fence and a dreaded 4 faults.

We finished 9th in a very competitive section which contained all of the individual Area's qualifying combinations from across the country. Of course, this would not have been possible without the Club, my Mum Jane, my lovely horse Anni and of course our superstar team trainer Maria Draper.

So thank you all!

MANY CONGRAULATIONS to ROSEY & ANNI WHO CAME 9th AT THE CHAMPIONSHIPS

THE SPRING SHOW at WILLOW FARM on Sunday 21st May

We set up the showground on the Friday which turned out to be a bit blustery but with a good selection of committee & relatives working in two shifts (afternoon & evening) we got it all done in good time apart from the dressage arena which could not be set up until the Saturday evening. We had been worried the ground would be a bit hard but after the weeks preceding rain it was in fact perfect.

The pre-entries had been a bit disappointing but we were hoping for a good entry on the day. The day dawned sunny & dry with hardly any wind. Perfect! And the boxes started to arrive. We did not get quite the number of entries we had last year.

Showground ready to go

The evening shift
Sue, Lindsey, Emma, Anne,
Bob & Brian

This is known for being a friendly start of the season show. A good place for novice riders & ponies to start but with classes for the braver & more experienced rider as well. It would have been nice to see a few more competitors especially FDRC Members but everyone who came said that had had a wonderful day and we had many "ThankYous"

There were certainly a lot of happy faces & ponies with rosettes attached. It ran well, we made a profit and gave all competitors a good day out – so all in all a success.

Many thanks go to the Kelly, Jude & Rosey for carting jumps about, letting us have such a well prepared field and especially providing copious bacon butties & gallons of coffee throughout the day.
